SEEKING DONATIONS for the annual

## **SCHOOL SUPPLIES DRIVE**

With your previous support,

### **In 2007**

we gave away 2,500 back packs filled with age-appropriate new school supplies to the children of our Interfaith Clothing Centers families who otherwise could not have afforded them.

### **In 2008**

the number of children in need increased and we gave away 122 more backpacks. 2,622 children in need received new backpacks and supplies.

### **This year**

we expect the need to increase even more - to 3,000 children in need. Wouldn't you like to give these children the opportunity to get excited about the first day of school - with a back pack filled with supplies?

The School Supplies Program is possible because of individuals, businesses, schools, camps, service organization, and congregations who donate time and goods.

Each year your efforts help us provide backpacks to thousands of Montgomery County's neediest public school children. This year we expect to help 3,000 children begin school with the supplies they need. Won't you continue your support?
